

# color mixing!

Name \_\_\_\_\_

try to guess what color we will get by mixing 2 colors, then test!

I THINK...

red + blue = \_\_\_\_\_

yellow + red = \_\_\_\_\_

red + green = \_\_\_\_\_

yellow + blue = \_\_\_\_\_

red + blue + yellow + green = \_\_\_\_\_

RESULTS...

red + blue = \_\_\_\_\_

yellow + red = \_\_\_\_\_

red + green = \_\_\_\_\_

yellow + blue = \_\_\_\_\_

red + blue + yellow + green = \_\_\_\_\_

RESULTS...

red + blue = purple

yellow + red = orange

red + green = brown

yellow + blue = green

red + blue + yellow + green = black
